### IDENTI•TIES ///

A proven winner in the produce departments of major chain stores and small grocery stores alike. They allow for re-tying and effective produce merchandising and won't split or delaminate on the product at the store level.

### FOIL TIES ///

Advertise with your name on a "billboard" of sparkling foil with vibrant color. Give your products and retail presentation the bright lift they need.

### BIN•TIES ///

This unique tie has its wire off-center for ease of writing and marking. When bag tying, Bin-Ties are designed to have the paper break when twisted several times to form a strong, tight lock.

**INSTA•TIES® ///**

Made of tough wet-strength Kraft paper laminated with water-proof adhesive.

**SKIRT•TIES® ///**
